To

The Secretary to the
Hon'ble the Resident in Mysore &
Inspector-General of Registration,
BANGALORE.

I have the honour to forward herewith for information and orders the report of the annual inspection made by me of the Sub-Registrar's Office, C. & M. Station, Bangalore on the 28th August 1935.

2. During the course of the inspection I noticed that the daily collections in that office were not remitted to the Treasury even though the amount exceeded Rs.100/- on several occasions but were sent to the Treasury after a few days' delay. When the Sub-Registrar was questioned about the cause for the delay in sending the remittances to the Treasury he represented to me the practical difficulty experienced by him in arranging to send the remittances then and there as he had only one peon for the office and that peon has to be present in office during the registration hours between 12 noon and 3 P.M. for calling the names of parties, taking their thumb-impressions etc., and has also to attend to delivery of letters to the several offices in the station in the afternoon. Though I have warned the Sub-Registrar that Rule 27(1) of the Bangalore Registration Rules should be complied with by him at all events, I feel that it is physically impossible for the Sub-Registrar to comply with the requirements of Rule 27(1) of the Bangalore Registration Rules (which I am of opinion is a salutary rule and should be enforced) unless some adequate relief is given to him. I find that my predecessor-in-office has in his letter

S.N.1
245-1930.

No.75 dated 15-8-1930 made out a good cause for the creation of the additional post of a peon on a salary of Rs.15/- per mensem in the local Sub-Registrar's Office and that the consideration of the said question had to be postponed then in deference to the wishes of the Hon'ble the Resident on account of the financial position of the Assigned Tract at that time. It is nearly five years since the proposal was mooted out and the arguments advanced by my predecessor for the creation of the post of an additional peon then, apply even now. I think that in the interests of Government it is neither expedient nor desirable to allow delays in remittances to the Treasury to continue in the local Sub-Registrar's Office and would therefore request that the Hon'ble the Resident may be pleased to sanction the creation of an additional post of peon in the local Sub-Registrar's Office.

2. I enclose herewith a statement (Appendix A) showing the income and expenditure of the local Sub-Registrar's Office during the last three years from which it will be clear that there is a large surplus revenue to Government every year from that office and that the slight increase in expenditure now proposed by me bears only an insignificant proportion to the surplus income.
